

# **Pre-Charrette ZNE Check In Agenda**

**Thursday, August 17<sup>rd</sup>, 2016 11am**

**Budget Office**

- **Introductions**
- **Background of CPUC Pilot Program**
  - New Buildings Institute
  - Deliverables
    - ZNE Strategic Plan
    - Completed Workbook
- **What is ZNE?**
- **GFOA Requirements**
- **Collecting information for Workbook draft**
  - At what point in the process do you think ZNE requirements for a new construction project would work best? Ex. Capital project checklist
    - What about for major renovation projects?
  - What is your role throughout the process of a new construction project?
  - Who would you say are the top stakeholders on a new construction project?
  - Are there any barriers you think might inhibit this plan?
