SEEC Bingo

Objective

We often hear that networking is one of the most valuable aspects of the annual SEEC Forum. With the 2020 SEEC Forum moving into an extended virtual format (June - November 2020), we created SEEC Bingo to continue fostering peer-to-peer connections. We hope that you will participate and discover new connections throughout California! We encourage you to play SEEC Bingo throughout planned SEEC Virtual Forum webinars and networking activities.

How to Play

-  Review the SEEC Bingo board and identify people who match the traits on the card. Reach out to your colleagues to request suggestions for any gaps you come across.
-  Schedule a 20-30 minute call with the people you identified to learn about their climate and energy initiatives, share best practices, and deepen your relationship.
-  After each call, add their name in the corresponding tile in the SEEC Bingo Board.
-  **You may not use the same person for multiple tiles.**
-  Once the SEEC Bingo board is complete (all 24 tiles), send your completed board to Ryan Dana at rdana@lgc.org.
The first 5 people to submit a completed card will win a prize!

Good Luck!
